On behalf of Council, it is my pleasure to introduce to you the 2016 Northwest BC Industrial Resources Services Directory. Terrace continues to be a vibrant hub of activity as British Columbia's service and supply centre for the Northwest. As you will see in the pages of this directory, our community offers a wide variety of services, supplies and contractors to meet the needs of small businesses and major projects alike.

Terrace is strategically situated at the crossroads of Highways 16 and 37 with the Northwest Regional Airport only a quick 10 minute drive from downtown. We are excited about the opportunities that the future holds for growth and sustainable development in a variety of sectors including mining, tourism, value added forestry, LNG and manufacturing.

I invite you to invest in the future of Terrace by supporting local businesses. You will see the City of Terrace's advertisement within this directory that further highlights the variety of benefits Terrace has to offer businesses looking to develop or expand. Please contact the City of Terrace's Economic Development Manager at 250-615-4030 with any questions and to learn more.

Sincerely,

Carol Leclerc
Mayor
City of Terrace

As Mayor of Kitimat, I wish to express thanks for your interest in doing business in our community.

With Rio Tinto Alcan's Modernization Project now completed, attention is shifting to Liquefied Natural Gas projects and other potential industrial development in Kitimat. The region has been going through a period of economic growth and renewal not seen in decades. Thanks to our strong industrial heritage spanning more than 60 years, we are prepared for new industry.

Kitimat is pro-development, and like our Haisla Nation friends and neighbours we are conscious of the environment. Kitimat truly is a marvel of nature and industry.

Local suppliers and service providers have decades of experience working with large industrial proponents. I encourage you to take advantage of the services the companies featured in this guide have to offer.

If you have any questions, please contact the District of Kitimat Economic Development Department at 250-632-8921 or email rklukas@kitimat.ca.

Best regards,

Phil Germuth
Mayor
District of Kitimat
www.kitimat.ca

On behalf of the District of Stewart, I wish to extend to you a warm welcome.

Strategically located in the heart of the Golden Triangle, Stewart has a continuous one hundred year history of facilitating mining and forestry development.

As Canada's most northerly ice free port, Stewart has paved access to British Columbia, Alberta, Saskatchewan, and the Yukon. Port of Stewart with its Stewart Bulk Terminal and new modern Stewart World Port facility provides companies with a viable shipping alternative, up to a day and a half advantage to Asian markets over southern ports, favourable climate, low winds, and excellent anchorage.

Affordable, well-serviced and easily accessible industrial and commercial lands have made the District of Stewart the prime location for progressive enterprises both now, and into the future.

Supporting and promoting economic growth is a primary and continuous focus.

The District prides itself on an open door policy.

We encourage business owners, operators and potential investors to communicate with the District regarding your interest in our region and we will be pleased to offer solutions and opportunities that are unique to our community.

Thank you for your interest in Stewart, BC
Kind regards,

Galina Durant

Galina Durant
Mayor
District of Stewart
PO Box 460, 705 Brightwell Street
Stewart, British Columbia, V0T 1W0
Phone office: 250-636-2251

On behalf of my Council colleagues and staff in the District of New Hazelton, it is my pleasure to welcome you to the 2016 Northwest BC Industrial Resources Services Directory.

The District of New Hazelton is "Open for Business" and have been advocates for potential mineral exploration, energy, mining, forestry, and independent power projects in our region. The community of New Hazelton offers affordable housing, great education, superior health services, access to government services and a strong service sector.

We are committed to making it as easy as possible for you to do business and invest in our community. Our professional staff and pro-business government have earned our town the reputation as being one of the best and most accommodating in the region to do business with. Our office welcomes inquiries from those wishing to establish or do business within our municipality and are strongly committed to making New Hazelton and the surrounding area a place to make your business grow.

If you have any questions about the services available in the District of New Hazelton and surrounding areas, please contact our staff at 250-842-6571 or through email at info@newhazelton.ca.

Sincerely,

Gail Lowry

SOLID COMMUNICATIONS ARE FUNDAMENTAL TO SUCCESS IN BUSINESS

That's why CityWest is proud to be the local provider of a variety of **telecommunications** solutions across Northwest B.C.

If your business needs a dedicated Internet line, Ethernet connectivity, or a hosted PBX telephone system, we can provide that to you over our ultra-reliable fibre-optic network. And, we'll guide you through you a trouble-free install process. Call us today to find out about our competitively-priced solutions.

Power, instrumentation, controls,
and automation for industry

Focusing on electrical, controls, and instrumentation systems, our multidisciplinary project teams know our customers' processes.

Our team, supported by simulation and control technology that we exclusively own, develop, and implement, helps make sure your plant is always optimal. We apply the right technology to deliver significant benefits: increased reliability, improved quality, higher production and lower costs.

We accept the challenge!

▶ HOW DO YOU BUILD UP
COMMUNITIES?
JUST ASK GOLDER.

For over 50 years, Golder Associates has been committed to supporting the communities in which we live and work – that's why we're proud to celebrate nine years here in Terrace. We are your trusted provider of environmental, archaeological, geotechnical and mining solutions in Terrace, and around the world.

Engineering Earth's Development, Preserving Earth's Integrity.

JUST SAY WHERE AND WHEN

Setting the standard for customer service and safety, Helijet has been providing scheduled passenger service between Vancouver and Victoria as well as business, resource, utility, and recreational charters for three decades.

- Surveying
- Photo Recon
- Magnetometer Ops
- Environmental Assessments
- Pipeline & Transmission Line Monitoring
- Fire Suppression Missions
- Cut Block Access
- Work Crew & Supply Services
- Fishing Lodge & Ski Slope Access
- Air Ambulance Services
- Corporate Learjet Charters

Helijet's highly experienced west coast and mountain flying pilots and crews with their wide range of aircraft and equipment are ready to meet any challenge. Mission-critical assignments are a specialty.

Give us a call and tell us what you need.

PNG will soon celebrate 50 years as a BC based, dependable and trusted supplier of natural gas to communities throughout North Central British Columbia. PNG's 3500 km network of natural gas pipeline is highly strategic infrastructure as it traverses BC from the Alberta border to the port communities of Prince Rupert and Kitimat. Today, 40,000 commercial and residential customers in communities along the network trust PNG to deliver natural gas to heat homes and fuel business.

These strategically positioned assets combined with strong local relationships, built on a history of performance and trust, position PNG to contribute significantly to the future economic stability and growth of the region.

- ✓ Owning and operating existing Natural Gas pipeline infrastructure along the Highway 16 corridor from Summit Lake, north of Prince George, west to the Pacific, provides PNG with a competitive advantage for future development.
- ✓ Expansion of PNG's Natural Gas pipeline network provides a safe, low risk, effective, and timely solution to the increasing demand for the transportation of Natural Gas in the region.
- ✓ Proven operational expertise, local knowledge and strong local relationships with stakeholders provide distinct competitive advantages for future development. This advantage was demonstrated by PNG's permitting of the KSL project with strong support of First nations, local communities and other stakeholders.
- ✓ PNG operations are regulated by the BC Utilities Commission and BC Oil and Gas Commission providing for transparency and predictability for our customers and public alike.
- ✓ PNG's recent acquisition by AltaGas provides financial and human resources further enabling the company's ability to responsibly deliver new projects.

STRATEGIC INFRASTRUCTURE FOR CENTRAL AND NORTHERN BRITISH COLUMBIA'S ECONOMIC DEVELOPMENT

We're Looking Ahead To What's Next:
New Projects, New Partnerships

The work we do every day builds upon a strong foundation - and is inspired by a vision to shape the future in partnership with communities near and far.

Supporting the export of British Columbia's clean, abundant and affordable natural gas to new global markets creates:

Energy for B.C. Benefits at Home. Benefits Abroad.
